6) **Publication:** **V. Noel-Johnson, *De Chirico and the United Kingdom (c. 1916-1978)*, Maretti Editore, Falciano, Oct. 2017, pp. 831**

Nominated for William MB Berger Prize for British Art History 2018

De Chirico and the United Kingdom (c. 1916-1978) constitutes the first in-depth study of Giorgio de Chirico's lifelong relationship with the country. Detailing over 60 years' worth of activity through c. 550 documents, this publication establishes the fundamental importance that the UK played in the artist's career with his work appearing in no less than 85 exhibitions, 49 of which are documented here for the first time. The recent discovery of extensive correspondence, press reviews and other documentation has enabled a thorough examination of three solo exhibitions held in London (Alex. Reid & Lefevre Ltd., 1938, Royal Society of British Artists, 1949, and Wildenstein Gallery, 1976); successful and failed acquisition bids for de Chirico's artwork in the public sector, as well as the 1962-1964 controversy involving the Tate's display of three paintings (on long-term loan from Edward James) that the artist denounced as fake.

The publication also charts the artist's rapport with key British-based dealers and collectors (including the reconstruction of de Chirico works in important collections belonging to R. Penrose, E. L. T. Mesens, P. Watson, E. James, A. Jeffress and E. Estorick); the reaction in the British press to the artist's ever-changing work; as well as other collaborations including set and costume designs for London's Royal Opera House (*Le Bal*, Ballets Russes, 1929, and *Protée*, Covent Garden Russian Ballet, 1938-1939). It also includes transcriptions of the artist's scarcely-known lecture, *The Italian Renaissance and the Present-Day Painter* (Royal Society of Arts, May 1949), and an unpublished manuscript of c. 1948 that reveals his admiration for Constable.

By establishing the extensive presence of de Chirico's work in the UK (c. 1916-1978), the publication constitutes a solid foundation for future studies that seek to reassess de Chirico's role in the history of 20th century British art, particularly that of British surrealism.
